John Doe

Data Scientist | johndoe@example.com | Bengaluru, India

Professional Summary

Data Science professional with 2+ years of experience in predictive modeling, data preprocessing, and model deployment.

Skilled in Python, machine learning, and data visualization.

Technical Skills

- Languages: Python, SQL

- Libraries: Pandas, NumPy, Scikit-learn, NLTK

- Tools: Jupyter, Streamlit, Git

- Other: NLP, Classification, Regression

Experience

Data Scientist - AI Solutions Pvt Ltd (2022-Present)

- Built ML models using Scikit-learn to classify customer churn

- Implemented NLP pipelines for keyword extraction and resume parsing

- Deployed models using Streamlit and Flask for internal HR tool

Projects

- Resume Screening Tool (Streamlit + TF-IDF + Cosine Similarity)

- Customer Segmentation using K-Means

Education

B.Tech in Computer Science (2022)

XYZ Institute of Technology, CGPA: 8.5
